Hearing Aid Dispensing

After 39 years of service to Cleveland, the Cleveland Head and Neck Clinic will close December 23, 2022 with the retirement of Dr. Tim Viser and Dr. Jack Byrd. We have thoroughly enjoyed having the privilege of treating and getting to know you. It has been a wonderful career for both of us, but all things come to an end.

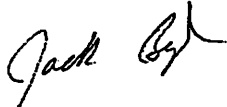

Associates in ENT, a Chattanooga-based group of otolaryngologists, have agreed to begin a presence in Cleveland and will begin working with us several days a week beginning August 1. They are excellent physicians and we are excited that they will be assuming the care of our patients. They will try to accommodate you the best they can. Cleveland is obviously losing a lot of ENT capacity with our retirement and the recent departure of Dr. Baugh and retirement of Dr. Clairmont.

Your medical records are confidential, and a copy can be transferred to another doctor or released to you or another person you designate only with your written permission. They are available from us until the end of the year if you wish to pick them up or have them sent elsewhere. After that time your records will be with Associates in ENT. If you choose to see a physician outside of that group, please call or come by our office as soon as possible to obtain a release of information form so we may send a copy of your records to your new doctor.

On the back of this letter there is a list of ENT providers in the area to help you in your search for ENT care after our retirement.

Again, we have enjoyed caring for you and will be always grateful for your confidence and loyalty. We wish you the best in the future.

Sincerely,

  
Jack Byrd, MD

  
Tim Viser, MD
